

Dear FCC Commissioners & Staff:

I have been with an independent ISP since '95. During that time I have retained the same e-mail address. Over the years, they have maintained the latest technology and kept me as a loyal customer. Recently, I have upgraded to DSL service at a competitive rate. And, I still have my original e-mail address.

Please continue to protect the ISPs' access to the public telephone networks, thereby protecting the rights of millions of consumers like me.

Sincerely,

Robert Dyer
